

Chipsmall Limited consists of a professional team with an average of over 10 year of expertise in the distribution of electronic components. Based in Hongkong, we have already established firm and mutual-benefit business relationships with customers from,Europe,America and south Asia,supplying obsolete and hard-to-find components to meet their specific needs.

With the principle of “Quality Parts,Customers Priority,Honest Operation,and Considerate Service”,our business mainly focus on the distribution of electronic components. Line cards we deal with include Microchip,ALPS,ROHM,Xilinx,Pulse,ON,Everlight and Freescale. Main products comprise IC,Modules,Potentiometer,IC Socket,Relay,Connector.Our parts cover such applications as commercial,industrial, and automotives areas.

We are looking forward to setting up business relationship with you and hope to provide you with the best service and solution. Let us make a better world for our industry!

Woodhead® Haztex® High-Output LED Haz-Duty Light

molex®

Developed for harsh environments where uptime and safety are critical, the Woodhead® Haztex® High-Output LED Haz-Duty Light utilizes an integral LED light engine to provide unmatched durability and light output in a portable hazardous-location rated fixture

Features and Benefits

Integral LED Light Engine

Delivers extreme durability for use in the most hazardous of conditions. Eliminates any chance for failure as the light source cannot be unscrewed or unmated

High-Output LED

Provides 15% more luminosity and ten times more lamp life than a 100W incandescent bulb.

20W Power Consumption

Reduces power-infrastructure costs by requiring smaller generators, smaller wire sizes and fewer receptacles. Generates less heat for more effective usage in environments that are often very hot already

Pre-installed LED

Eliminates the cost and time needed for lamp installation and replacement. Creates a "plug and play" solution for hazardous-environment lighting

Woodhead® Haztex® High-Output
Haz-Duty LED Handlamp
61450

Applications

Industrial – Oil and Gas

- Petrochemical Plant Shut Downs
- Painting and Chipping
- Tank and Vessel Inspections
- Utilities

Petrochemical Plant

Product Overview

Integral solid-state LED light engine makes this fixture extremely rugged

High-quality Samsung LED's utilize driverless technology; run on 120VAC

Frosted tempered glass globe helps to diffuse the light and soften "hotspots" typical with some LED fixtures

Woodhead® Haztex® High-Output LED Haz-Duty Light

molex®

Specifications

REFERENCE INFORMATION

UL File No.: E30252 (cULus Listed)

Hazardous Locations:

Class I, Division I, Groups C and D
Class II, Division I, Groups F and G
Class I, Zone 1, Group IIB
Temperature Rating: T4

ELECTRICAL

Voltage (max.): 120V AC
Voltage with Plug: 120V AC
Power draw (max): 20W
Plug (for fixtures with cable): NEMA 5-15
(ordinary location rated)

ENVIRONMENTAL

NEMA Rating: NEMA 4X

PHYSICAL

Switch: No
Construction: Aluminum with Nylon handle
Luminous Flux: 1800 lumens

NOTE: Fixtures rated at 12V include an in-line driver to step down the 120V supply voltage to 12V or less. The driver enclosure must remain outside the hazardous environment.
