Chipsmall

Chipsmall Limited consists of a professional team with an average of over 10 year of expertise in the distribution of electronic components. Based in Hongkong, we have already established firm and mutual-benefit business relationships with customers from,Europe,America and south Asia,supplying obsolete and hard-to-find components to meet their specific needs.

With the principle of "Quality Parts,Customers Priority,Honest Operation,and Considerate Service",our business mainly focus on the distribution of electronic components. Line cards we deal with include Microchip,ALPS,ROHM,Xilinx,Pulse,ON,Everlight and Freescale. Main products comprise IC,Modules,Potentiometer,IC Socket,Relay,Connector.Our parts cover such applications as commercial,industrial, and automotives areas.

We are looking forward to setting up business relationship with you and hope to provide you with the best service and solution. Let us make a better world for our industry!

LU500

BENEFITS

- 500W Air Cooled
- 4" X 7.25" X 2.2" Package
- Design for commercial applications requiring 90 to 305Vac input voltage
- Active Current Share enables easy scalability from 500 to over 2,000 Watts

FEATURES

- Approved to EN60950 2nd Edition
- 93% Efficiency @ 230V Input, 92% @ 115V Input
- 3 Year Warranty

VALUE PROPOSITION

- A superior performance 500 Watt AC to DC power supply designed for applications with 277Vac input including commercial lighting and HVAC.

- Highly efficient, the LU500 product family has active current share for redundant applications. All models are CE marked to low voltage directive and approved to EN60950 2nd edition.

- SL Power local technical support capabilities provide real time help in solving potential design problems which could otherwise cause revenue loss due to delays in end product introduction.

- Extensive global presence can support customers product needs as they migrate from development to production, frequently in multiple locations around the world.
